# LIGHTER SIDE

# WHO'S WHO AMONG MARIAN ALUMNI

Can you say obnoxious? Can you say irritating? Sure you can! Now, can you use them in sentences? Sure you can!

People that bang on the back door of Clare at 2:00 a.m. are obnoxious. For people trying to sleep at this hour, this noise is irritating.

Can you say ignoramus? Let's use this word in a sentence. Someone who forgets their keys or has a key that does not work and won't replace it is an ignoramus.

Our next word for the day is lazy. Do you know some lazy people? We do! These are the people that refuse to walk around the building to use the front door, instead, they use all of their energy to pound on the back door and yell.

Our next word is inhabitants. These are the people that live by the back door. They can easily be identified by the dark circles under their eyes caused by a lack of sleep.

Stepdwellers are the people who insist on congregating on the back steps until odd hours of the night tossing their cookies, talking, or arguing. We, the inhabitants, get the honor of listening to every word, splat, and spat.

Can you say considerate? Sure you can. Do you know what it means? Sure you do. Do we need to explain it to you? NO, we don't! Are you going to be considerate from now on? Yes, you are!

Thank You,  
D.E.A.R

# SCOTUS HALL?

As you may have noticed, new name signs have been put on many of the campus buildings. One of these seems to be quite contradictory to what most students know the building as, that is Scotus Hall (A.K.A. Marian Hall). Scotus Hall was named for a major Franciscan theologian philosopher scientist of the 1300's, John Duns Scotus. (The sign, in case you haven't noticed, is located outside of the third floor of the science wing.)

The library and Clare Hall have also acquired new name signs. The library is the Mother Theresa Hacklemeier Library but because of the expense of the lettering the sign only says "Library". For all of those students who use the excuse that you didn't know where the library was, you have to think of a better one.

# PHONATHON: THANKS!

To all the volunteers who helped make the 1985 Alumni Phonathon a success, THANK YOU!!! The three-week long event ended with approximately \$35,000 pledged by our alumni. The following groups and individuals helped staff the telephones: Student Board, Booster Club, Basketball Players, Sophomore Class, Senior Class, Nursing faculty and students, Clare Hall Board, Sr. Mary Rose, the Alumni Officers, American Chemical Society, English Club, Circle K, Business Club, MCAPHER, Freshman Class, Junior Class and Doyle Hall Council.

# NEWSY NOTES AND QUOTES

## AN ACT OF HUMANITY

Everyone knows that nurses are a special breed who are dedicated to helping others in their hour of need, whether it be physical, mental, or emotional. If you look around right here at Marian College you will see this act of humanity in progress.

I was just informed last week of a fire that totally destroyed the home and belongings of one of Marian's own nursing students. The only salvation was that the student, her husband, her daughter, and the student's textbooks were unharmed.

Since that tragic fire, the entire student body of the college's nursing program is engaged in accepting donations of clothing, furniture, appliances, food, etc. for this family.

I am now appealing to the rest of the college students and faculty to offer their help (this means YOU!) by donating

whatever you can to the cause.

Please call the Marian Nursing Office for explicit information concerning clothing sizes and personal needs, as well as the other items mentioned. The phone number is 929-0391. Thanks and God Bless All of You!

## Candy Craving

The ADN Student Association is also selling M & M candies at .50 cents per package (to calm your growling tummies). You can purchase these from any ADN student or the nursing department.

Hurry - before they are all sold out!

## Tests

NURSING BASIC SKILLS TESTS are currently being taken by all the students planning to enter Nursing Concepts.

Prayers and Best Wishes to all of you!

Cindy Cooley

# THOUGHT OF THE DAY:

## THE DILEMMA

To laugh is to risk appearing a fool.

To weep is to risk appearing sentimental.

To reach out for another is to risk involvement.

To expose feelings is to risk rejection.

To place your dreams before the crowd is to risk ridicule.

To go forward in the face of overwhelming odds is to risk failure.

But risks must be taken because the greatest hazard in life is to risk nothing. The person who risks nothing does nothing, has nothing, is nothing. He may avoid suffering and sorrow, but he cannot learn, feel, change, grow or love. Chained by his certitudes, he is a slave. He has forfeited his freedom. Only the person who takes risks is free.

## SALTY DRUGS

U.S. Senate Dietary goals suggest limiting sodium intake to 2000 mgs. per day. Salt is about 40% sodium, so 2000 milligrams is just less than 1 tablespoon of salt.
